MILESTONE

Volume III

1963

Our theme — The Gay Nineties — summarizes a frivolous age, an age unmarred by the potential imminence of world destruction.

In contrast, the times in which we live are overshadowed by this constant threat; these are serious times — times filled with tension and little of the frivolity of our theme.

An obvious request would be the restoration of the type of "peaceful" Gay Nineties to our modern world. We would like to strive for a peaceful world for ourselves and for posterity. We feel that a unified world would be a peaceful one. Therefore, we, the editors of this yearbook, dedicate the 1963 MILESTONE to the future peace of the world.

Things past and a promise of things to come...

School plaque to left of auditorium entrance

In September 1962, West Essex High School opened new doors to its students. Although the school was in its third year of existence, this was the first year in which all facilities were installed, and school life functioned smoothly, with cafeterias, auditorium and gymnasiums complete this fall. Language students for the first time listened attentively in the newly completed Language Laboratory. The school plaque, mounted on the wall outside the auditorium, served as the finishing touch to our school building.

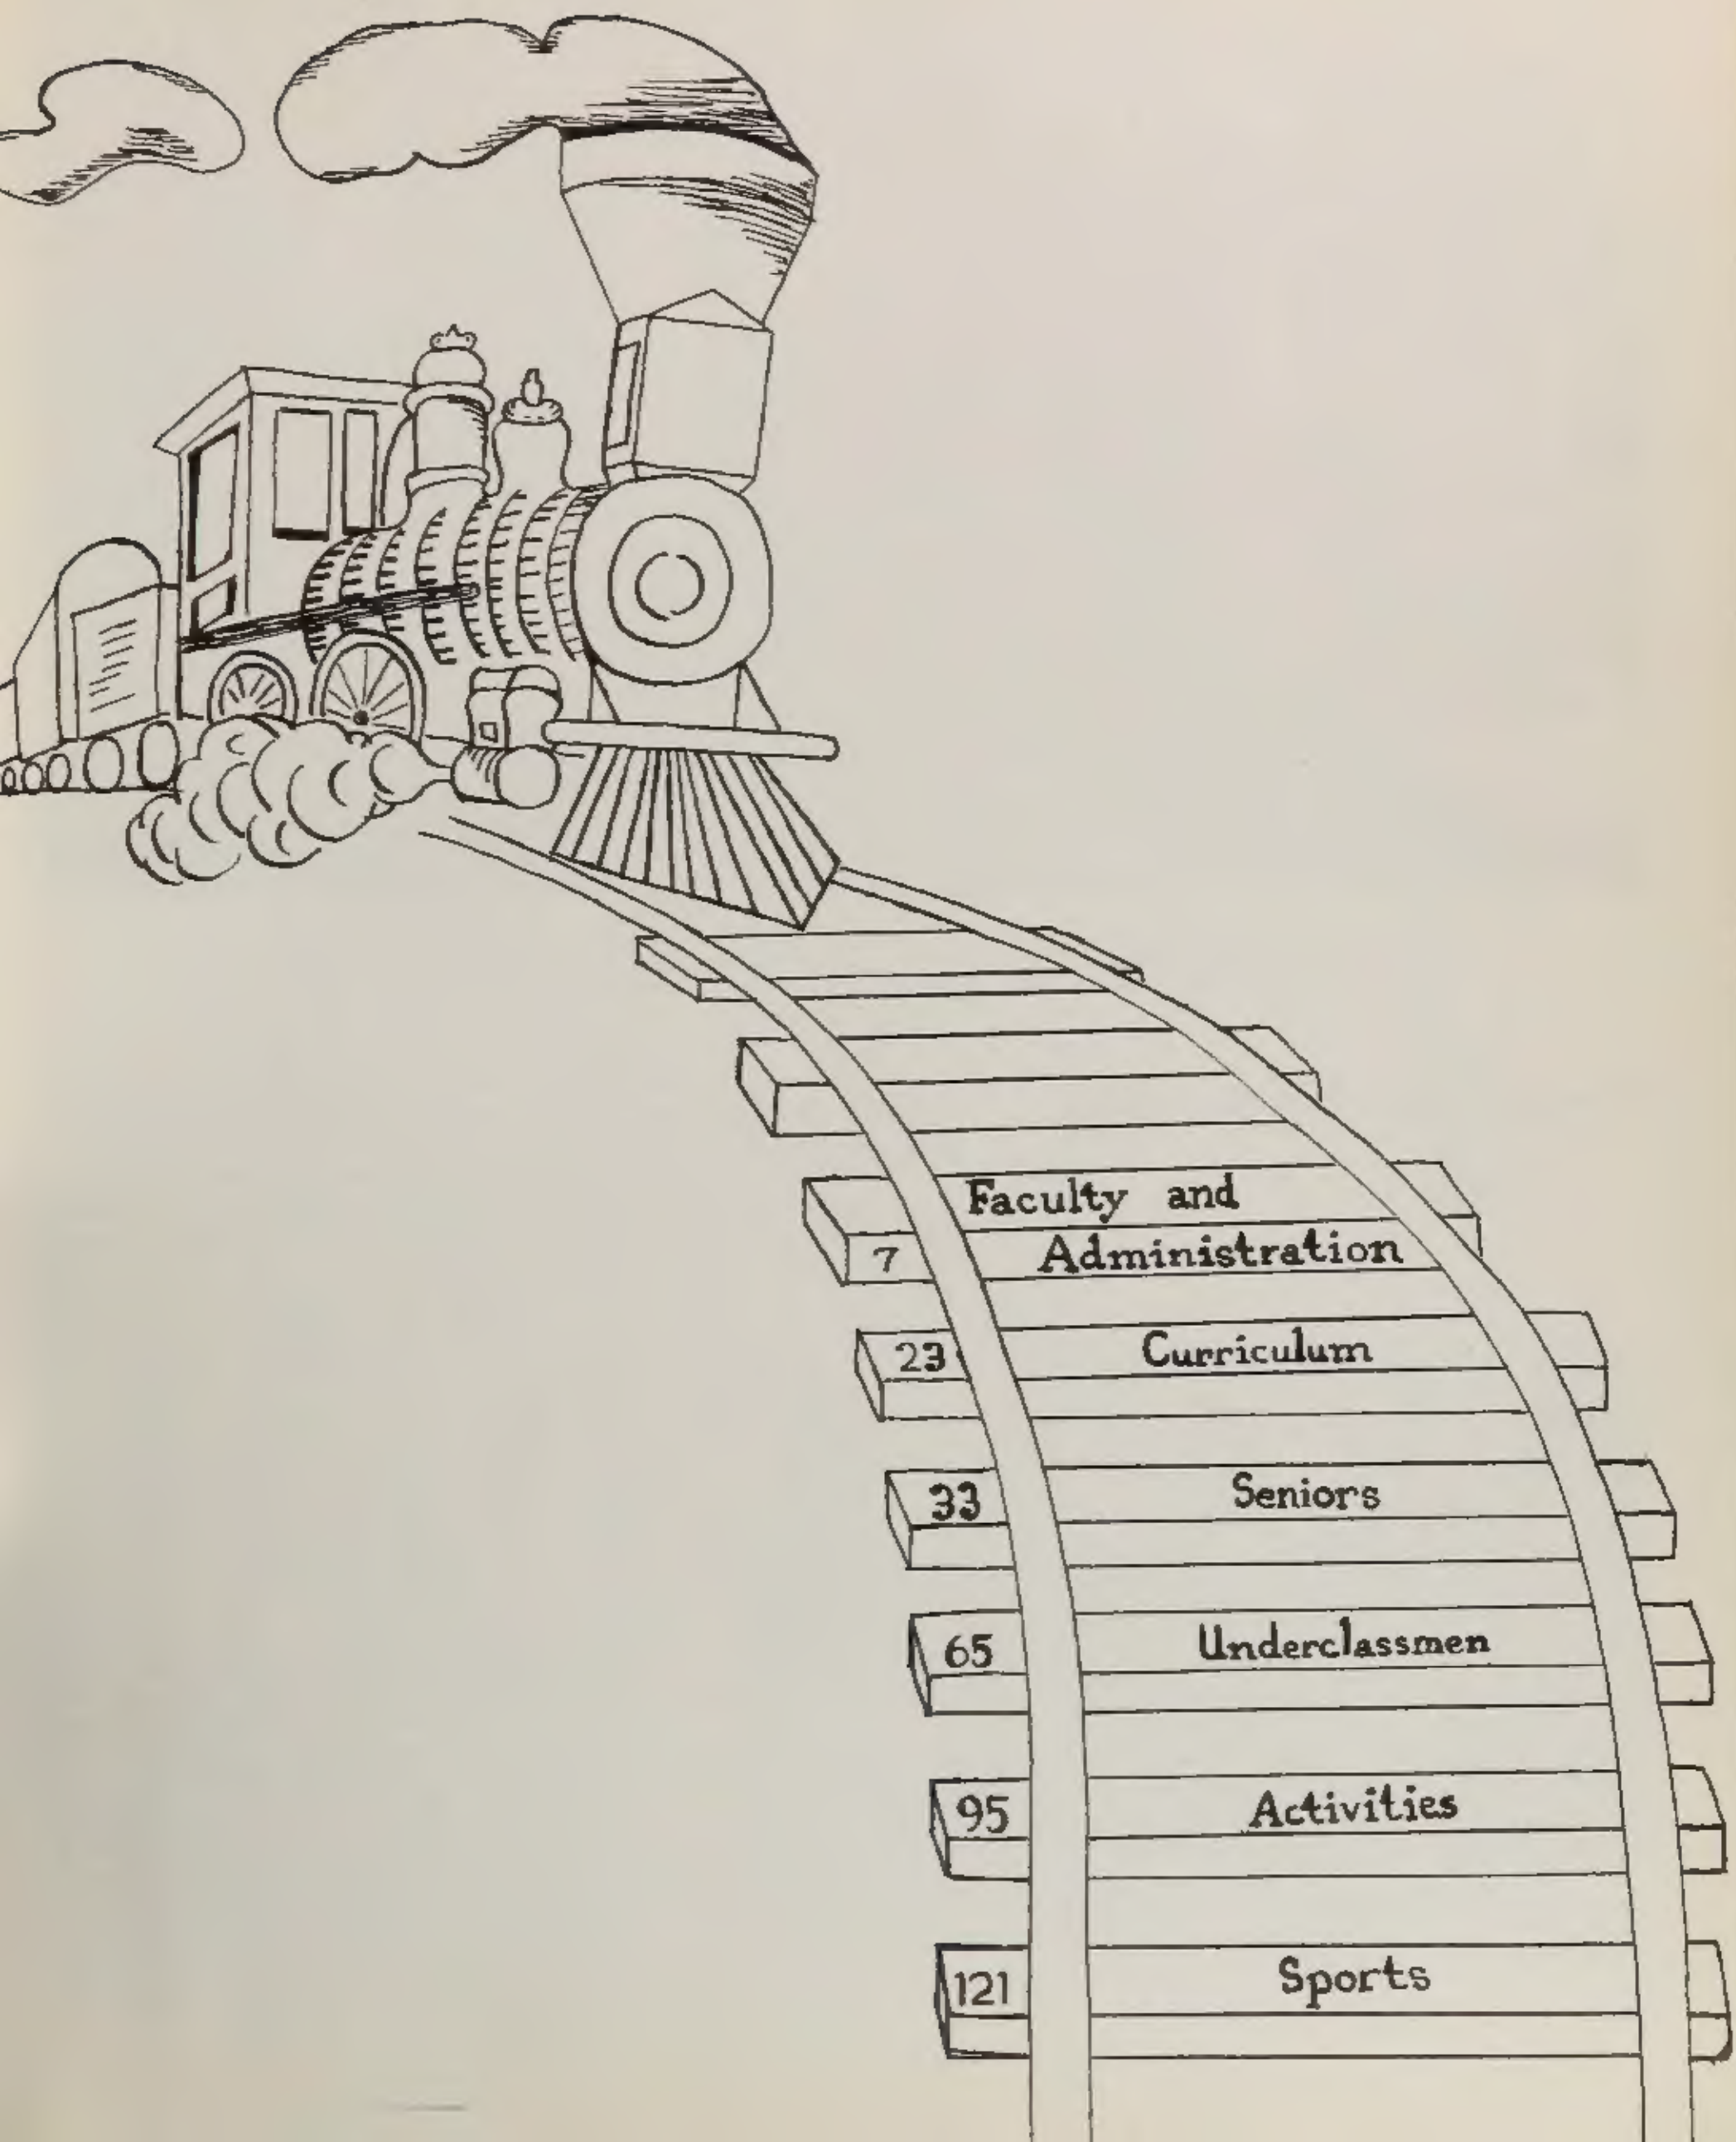

Externally West Essex also became more complete. Grass and landscaping were added to help beautify the grounds, much to the dismay of lazy students who now had to walk around the grass.

The tennis courts and cross country track were also new additions to our exterior, with plans in mind for the future football and baseball fields.

Finally a curved brick sign bearing the school name was set up at the Greenbrook Road entrance to let passing motorists know our hide-away location.

Board of Education

Among the functions carried out by the Board of Education, selecting competent employees for various positions, directing school policy, and drawing up budgets are the more important.

The Board of Education meets on the fourth Monday of every month to hold its general meetings open to the public. In addition, conference meetings are scheduled on the preceding Monday for Board members only.

P.T.A. OFFICERS: Mrs. Wally Kirschner, President; Mrs. David Bate, Vice-president; Mrs. Everett Baker, Secretary; Mr. Charles Evans, Treasurer; Mrs. Harry Meyer, Recording Secretary.

P.T.A.

A few of the activities that our hard-working P.T.A. sponsored this year were the first West Essex Alumni Tea, and the second annual Science Fair, which took place in the spring.

In addition, the P.T.A. again sponsored the College Loan Fund, an aid to graduates of West Essex in need of financial assistance while attending college. This fall the Loan Fund production of "Kind Lady," presented by the Drama II class, served as the money-raising project. So far three students have availed themselves of this fund.

FACULTY

AND

ADMINISTRATION

Superintendent of Schools

Dr. Walter Stille

Dr. Walter Stille is superintendent of schools in our West Essex Regional District. As chief executive of the Board of Education, all final decisions rest with him.

His varied responsibilities include the selection and supervision of personnel, the administration of business

affairs and the conduction of community relations.

Dr. Stille has been with us since West Essex High School was first created and has earned the respect of the students as well as recognition in the community. We, the student body, would like to express our gratitude to Dr. Stille for his dedicated service.

Assistant Superintendent

Dr. Raymond Travis

Dr. Raymond Travis is known to all students as the friend through whose efforts we always arrive at school on time. Fulfilling the tasks of assistant superintendent, Dr. Travis directs the operation and maintenance of buildings and grounds, organizes transportation and purchases, supervises non-instructional personnel and outlines the budget. He also serves as secretary of the Board of Education.

Principal

As principal of West Essex High School, Dr. Emil Piel supervises all student activities, organizes and supervises the instructional programs and curriculum development, and expedites all internal affairs.

Under the leadership and guidance of Dr. Piel, the student body of West Essex High School has achieved a full and rewarding year.

"Joy and work" is a phrase which describes the attitude of the secretaries here at West Essex. These ladies are invaluable to our school organization, for without them the mounds of paperwork would never be diminished.

STANDING: Mrs. Virginia Kohl, library secretary. SEATED: Mrs. Eleanor Jacobus, attendance clerk; Mrs. Gloria Mercer, switch board operator.

Mrs. Ruth Ouchie, assistant bookkeeper
Mrs. Elizabeth Sternbach, bookkeeper

Mrs. Eugenia Mango, Senior Division secretary, Mrs. Louise Cowan, Senior Guidance secretary, Mrs. Edna Root, Junior Division secretary, Mrs. Leah Feldman, Junior Guidance secretary.

Miss Catherine Harhen, bookkeeper, had to leave us after the first three months of school.

Custodial Staff

Mr. Pete Rigoloso, Mr. Joseph Scalise, Mr. Sal Passafaro, Mr. Eugene Verba, Mr. Joseph Newton.

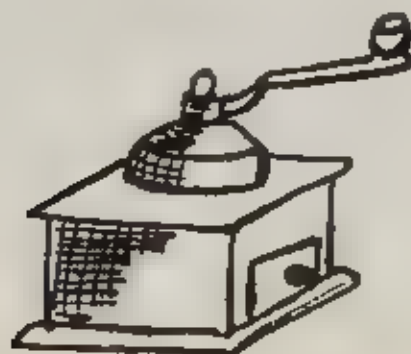

Mr. Pearlle Williams, Mr. Angelo Mercadante, Mr. Douglas Leonard, Mr. Herb Robinson, Miss Julia McDowel.

Cafeteria Staff

Long into the wee hours of the evening, lights can be seen shining brightly in the windows of our school. Our custodians, under the supervision of Mr. Alonzo Lennox, keep our building and grounds in good condition.

Each day the cafeteria staff prepares the meals for about 1,200 West Essex students. Mrs. Helen DeGraw, our dietitian, directs the preparations of the tasty morsels served.

Guidance Division

The Guidance Division is one of the most vital of our school and is of great importance to all students in the areas of class schedules and counseling toward future goals. These energetic people also have the responsibility

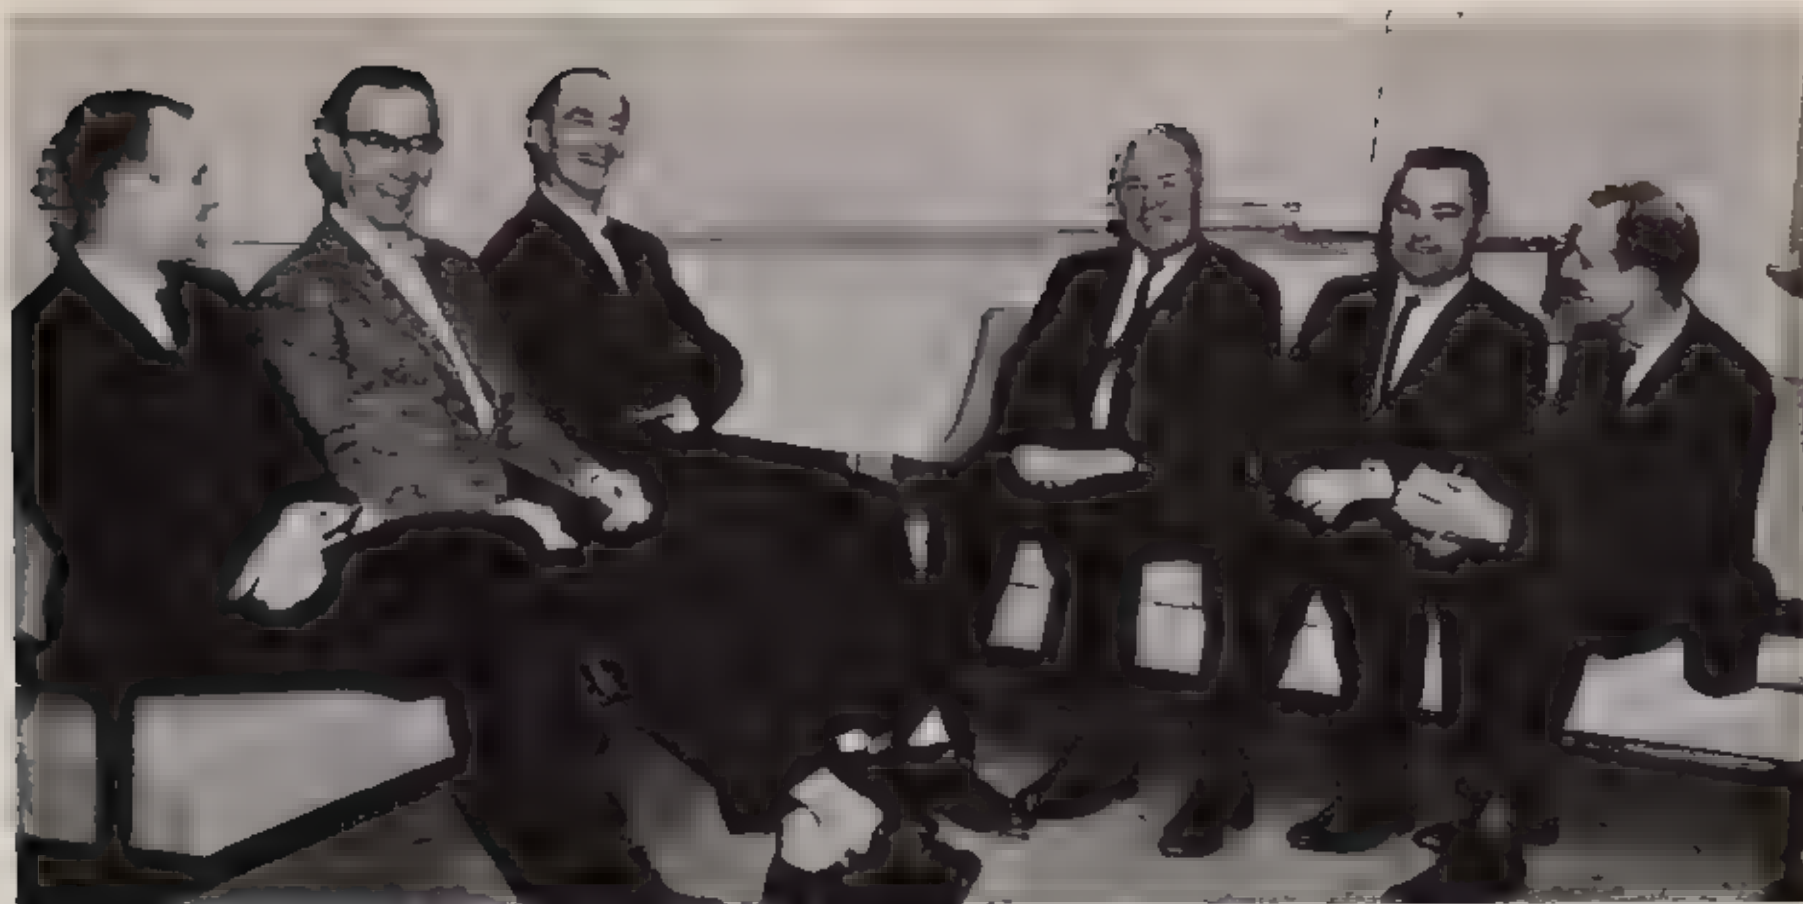

of supplying scholarship and other information to the students, as well as maintaining harmonious relationships between faculty and students.

A new addition to our guidance staff is our school psychologist.

Mrs. Mariatta Arnold, senior girls counselor; Mr. Richard Mersereau, junior boys counselor; Miss Patricia Lewis, social worker; Mr. August Belotti, Special Education; Dr. John Simmons, psychologist; Mrs. Lucetta Houghton, junior girls counselor

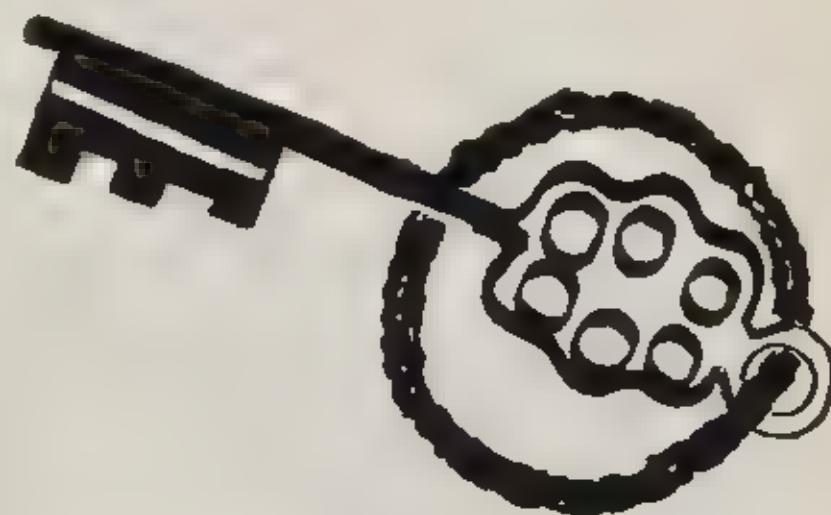

Coordinators

Mr. James Mitchell, Junior Division; Dr. Harold Vayhinger, Guidance Division; Dr. John Arscott, Senior Division; Mr. Leshe Goodwin, Health and Phys. Ed. Division; Mr. Richard King, Math Science Division; Mr. Earle Kuns, Arts Division.

Miss Carolyn Howells, Miss Marguerite Baechtold

Librarians

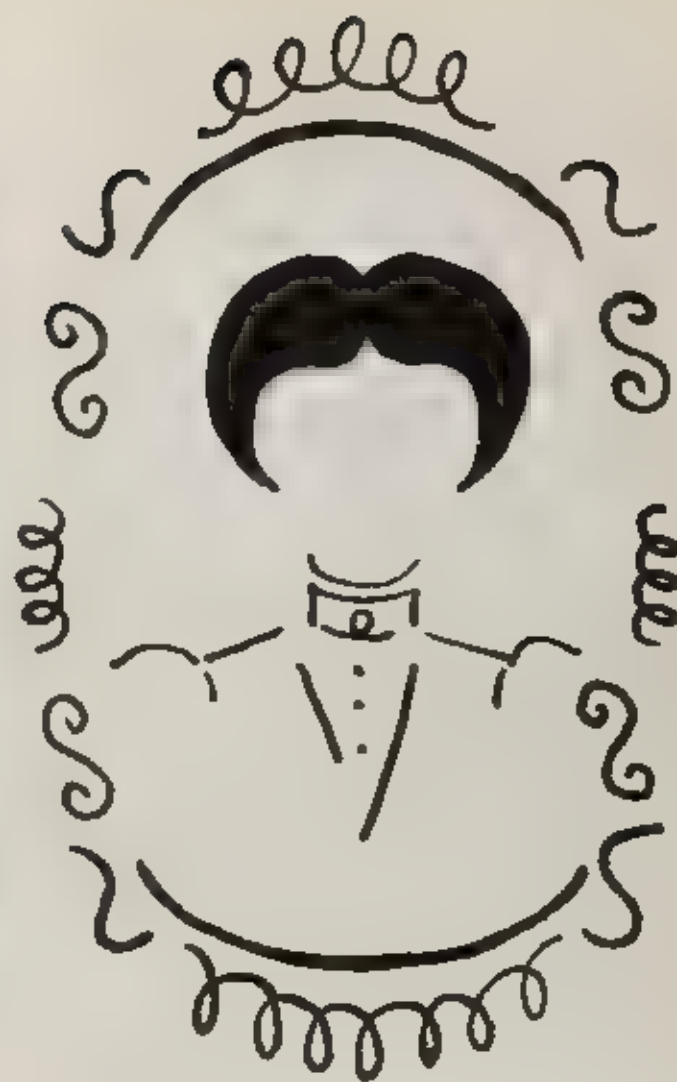

In order for our academic studies to run smoothly, each division must coordinate its activities with the others. To assure maximum efficiency, our six coordinators meet together and relay the results of their meetings to their respective divisions. It is the job of our talented coordinators to improve the quality of instruction and organization, and coordinate our school's offerings in relation to the students' needs.

Another important part of our academic activities is our library. This year two librarians run the library with an efficiency that serves the entire student body and faculty.

Each year the faculty of West Essex has a two-week workshop. This year, one week before school began, the teachers assembled for a pre-school session. During that week the faculty visited several local factories and businesses. To complete the other week of workshop, the faculty met on two Saturdays and also on two days during February vacation. In addition, they engaged in individual activities for one day — attending conventions, workshops, or seminars.

The purpose of the workshop was to focus on common goals, foster unity, and broaden understanding among the teachers. Planning sessions and discussions were interspersed with the writing of courses of study and various preparations for the March 20-22 Middle States evaluation.

History

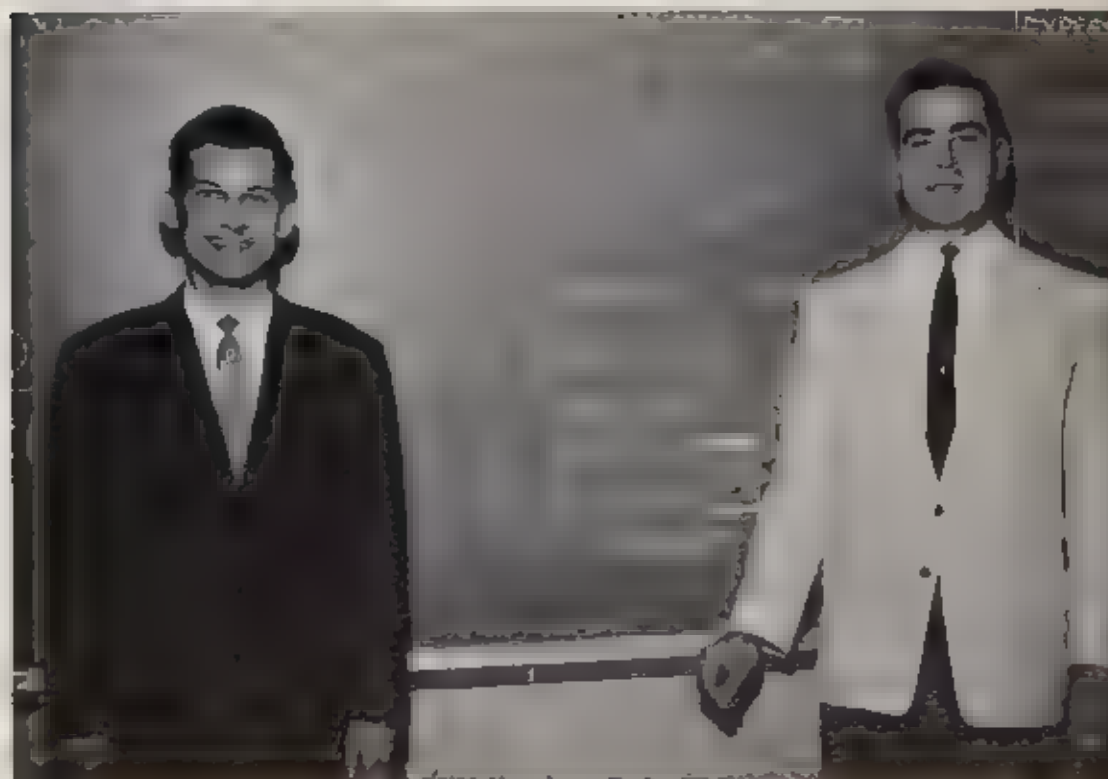

This year our faculty consists of 82 teachers, administrators, counselors, librarians, nurse and dietitian. In addition to showing outstanding interest in their subjects and students, the teachers give much attention to extracurricular activities.

Sports constitute only one of the areas of participation which teachers generously give their time and energies to coaching, advising and supervising. Through the many clubs which the faculty has organized and scheduled, they also show their interest and enthusiasm.

CURRICULUM

Mr. Earle Kuns, Arts Division Coordinator, demonstrates "how to" to one of his students.

The word art is used in many ways. In West Essex it can mean anything from playing the oboe to making a cake.

The Arts Division is based on the belief that education is experience. To get the most out of the Arts Division, students must put their most hardy effort into it. For here unlike any other courses is a place for natural expression in your own and personal, individual way.

In Home Economics girls may learn to make blouses, take care of children, select china and silverware, or study the food habits of people all over the United States.

In Music, students learn to become part of a group. They learn what organization and cooperation really are, and express their feelings through music instrumentally and/or vocally.

Vocal Music class rehearses for Christmas Concert.

Measuring the arc of a circle for Industrial Arts.

Home Economics

In Art, students may make tooth pick constructions, paint, draw or cast plastic sculptures; that is, they have a chance to create something with their hands

In Industrial Arts, students are given a chance to produce something in wood or metal. They get acquainted with electricity and home mechanics. After learning the rudiments, students go on to more detailed work, constructing or designing projects.

This year Home Ec. III students visited the Flemington Glass Company, and two Art classes journeyed to New York to the Metropolitan Museum of Art and to the Cloisters. In the spring a trip was taken to the Whitney Museum of Modern Art.

Also for the second year, a Fashion Show was presented by Home Economics students.

GUIDANCE DIVISION

Dr. Harold Vayhinger, Guidance Division Coordinator, advises a sophomore on colleges.

This year WE had the first Annual Alumni Tea. It was attended by alumni, the faculty, administrations and present Juniors and Seniors.

Colleges represented ranged from Middlebury to Cazenovia and from Montclair State to William Woods. About 50 alumni and an equal number of students attended. Those present had a chance to engage in informal discussions of colleges and college life.

This year WE has started a job placement program under the direction of Mr. August Belotti. WE is trying to place students in part-time and graduates in permanent positions.

Miss Carolyn Carter proctors for testing program.

Dr. Emil Piel makes a contribution on a Community Night panel.

The Guidance Division is a counseling service program to assist all pupils in making wise choices. It also provides a counseling service for pupils and parents, to aid in solving educational, vocational, social and emotional problems.

Guidance aids the college-bound students by administering tests, furnishing information about financial aid, and arranging college conferences.

In December, March, and May, members of the Junior Class and 75% of of the Senior Class took the College Board Examinations. In the areas of Verbal and Math, the West Essex average proved to be above the National Average. Two top-score papers were achieved in the Advanced Math test by Seniors Arnold Feineman and Dave Smith.

HEALTH AND PHYSICAL

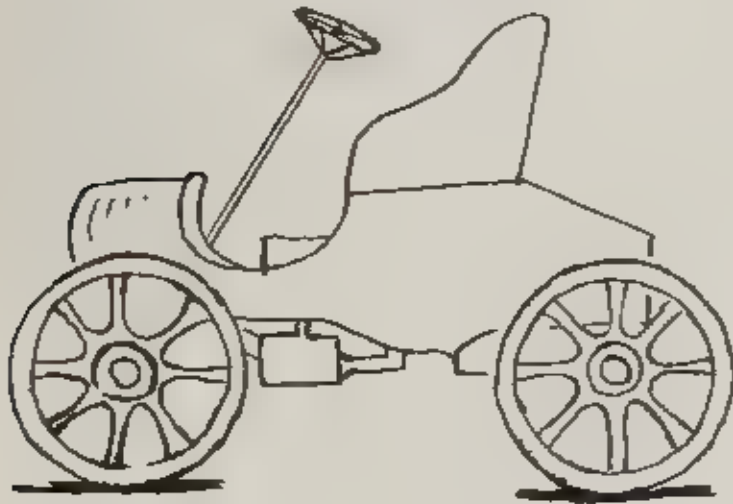

EDUCATION DIVISION

Physical Education Coordinator, Mr. Leslie Goodwin, at Fall Sports Awards Banquet.

Mr. Ralph Dougan shows two Seniors what makes a car tick.

This year we were able to start school with our gyms finally completed. Although the fields weren't completely ready, Knights were outside for most of the fall weather. Next year West Essex hopes to have all the fields ready for home football games.

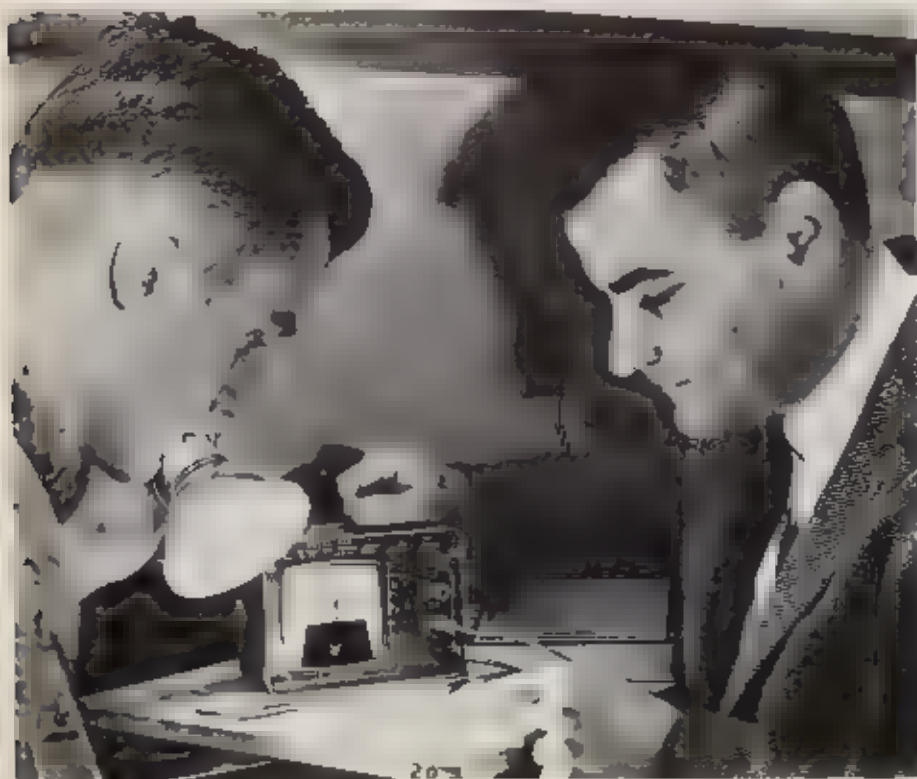

Physical Education is the part of education which trains the individual to work with people and as a member of a group. Basic skills and knowledge of sports are obtained.

Under physical education come health, first aid, driver education, and family living.

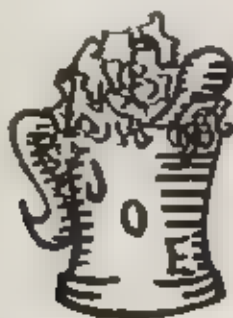

Driver education theory is given to all juniors. Behind-the-wheel driving education is available to students sixteen and a half years or older. Behind the wheel is also available after school for those who do not have a study period.

Miss Martha Meek illustrates to Gym Class how to play basketball.

Mr. Richard King, Math Science Division coordinator, demonstrates an experiment.

Dissecting grasshoppers in Biology I.

Physics student measures voltage on a meter.

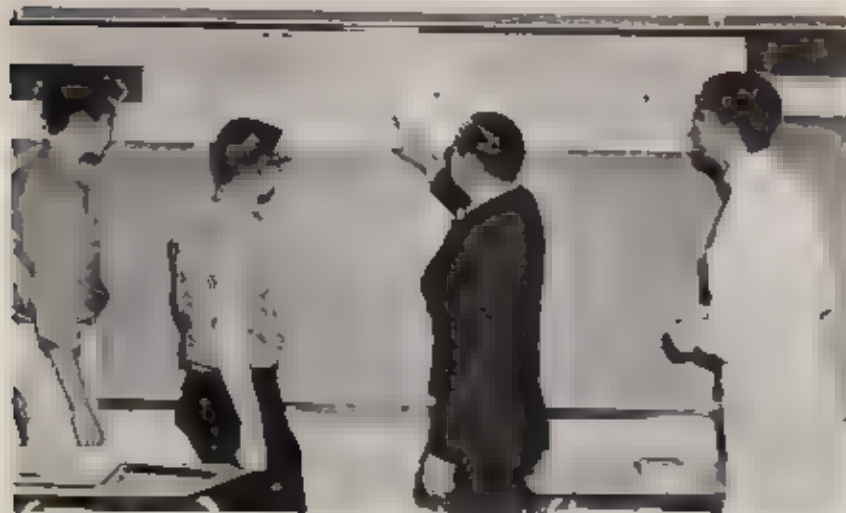

In the West Essex Math Science Division, the younger knights seem to be in a race to catch up to their older peers.

The Junior Division science plan puts an emphasis on Physical Science studies in the eighth grade, and Biological studies in the seventh. The students learn simple laboratory procedures, experiments, and write-ups. Also, where practical, the student learns by experimenting on his own, or by watching a demonstration and analyzing it.

These activities will prepare them for the science courses which follow in the Senior Division.

In operation now for the second year is the Algebra 8 class. This is a group of students, selected through Guidance, who have earned a B or better in seventh grade math and have the ability to take Algebra 8.

Chemistry Physics Mathematics Physical Science

Mr. Malcolm Simpson demonstrates how to multiply on a slide rule.

This method of progress enables capable student to take calculus in their senior year, if they desire. Until now this was not possible except by doubling up on courses, or by being in an accelerated class.

In addition to the regular Calculus class, there was also a Saturday morning Calculus seminar, during the first semester. Both were instructed by Mr. Malcolm Simpson.

In Senior Division Science new plants were being crossed, and something new was being experimented in regard to fruit flies. Also irradiated rye seeds were experimented with in hopes of showing the effects of radiation.

Mr. Daniel Less watches as students perform an experiment in Physical Science.

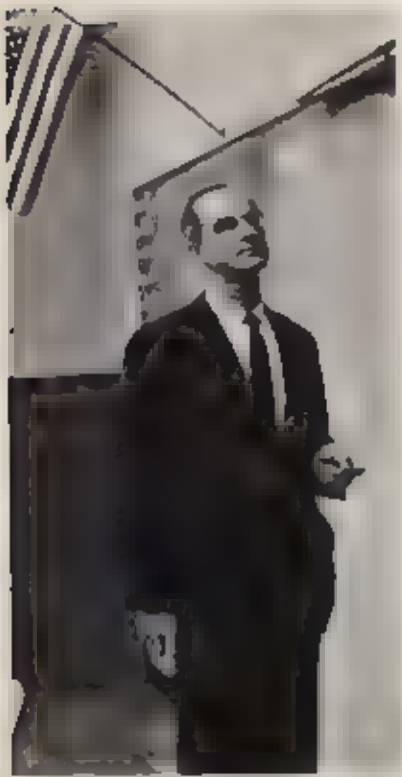

Experimenting with chemicals lent to us by Bell Labs.

The new Chemistry study program was taught by Miss Mary Merlo. This program is a new approach toward the discovery of scientific principles by the students through experiments.

SENIOR-JUNIOR DIVISIONS

English

Dr. John Arscott, Senior Division coordinator contemplates while writing on the blackboard

Research continues in the library.

The Senior Division is concerned with the individual as he relates to his fellow students and himself.

Students are given freedom to examine many sources of information and thus learn the ways of the library.

It is hoped that a knowledge of and respect for self is learned in addition to and understanding of the forces which operate in family and social groups and in the world community.

Students had a variety of experiences — exploring American heritage and world citizenship, habits of honesty and industry, kindness, humor and responsibility. They had a chance to improve their abilities in reading, listening, observing, speaking, writing and demonstrating.

This year an Italian Class was held after school by Mr. Joseph La Cerva.

Mrs. Patsy Fastige's English I class presents "The Taming of the Shrew."

Languages

Mr. James Mitchell, Junior Division Coordinator, conducts an English class.

In U.S. History II students covered economics and wrote foreign policies. In U.S. History I the trend was toward Constitutional Conventions and Senate meetings:

Both of the history classes went to see "The Longest Day" which is a movie on the invasion of Normandy.

The Creative Writing class in connection with their work went to see "Doll's House". Junior English classes saw Herman Melville's "Billy Budd".

Mr. Manfred Wanger and Mr. Daniel Less display a German newspaper.

Social Science

Miss Maryann Stagen tests the equipment in the Language Laboratory.

This past year the seventh and eighth grades, which comprise the Junior Division, have made great strides in their work and their contributions to West Essex.

In the spring prospective seventh graders in each of the four regional towns were orientated by the Student Voice to the ways and wiles of their new Junior High School, which they entered in September. At the same time, the present seventh and eighth grade English classes were being orientated, but this time by themselves. They studied each of the four towns which comprise the Regional School District.

One goal of the Junior Division students is to solve as many of their problems at West Essex as possible. One very important problem was the lunch situation in the cafeteria. By controlling their lunch period by themselves, the Junior Division students achieved cleanliness and order and made a great contribution to West Essex High School.

Miss Edith Cowin explains American Capitalism to her Economics class.

Business Education

In the three business education classrooms students study business law, typing, stenography, shorthand, and business math. They can avail themselves of modern equipment, including six electric typewriters which have been newly installed for advanced typists.

West Essex business students have been particularly busy in the past year. They have engaged in various projects such as a Work Experience Program, whereby one day a week the business student may work in a school office instead of attending his regular schedule of classes.

Mr. Richard Rizzo explains the mysteries of typing to his class.

Looking toward business after high school, the Wessex business students visited companies and offices in the area, and were able to make appointments with personnel managers for interviews.

In conjunction with such activities by the individual classes, the Future Business Leaders of America Club engaged in a Community Job Survey, whereby letters were sent to the local Chambers of Commerce to secure a list of businesses in the area. A questionnaire followed, which was mailed to these businesses asking, among many questions, kind of jobs West Essex graduates can get, the range of salaries, the fringe benefits, and opportunities for advancement. As a result of this survey, many business education students were able to get an idea of what lies ahead for them in the business world.

The Good Old Days '59~

President Richard Park

In 1959, we began high school,
Freshmen we were — "as a rule!"
We often got lost in school, the hours were bad;
We were the last freshman class GCHS ever had
Officers Dwight, Kathy, Mardy and Rich
Were always there with a number one pitch.
Our Thanksgiving float took second prize,
Our Freshman Class Dance was scenic to our eyes.
The changes were many, many friends we did lose,
As another year came with additional news.

As sophomores led by Lynne, Paddy, Mardy and Wayne,
The change was complete, we were now Wessex in name.
"Adventures in Paradise" — our Sophomore Class Dance —
Followed class dues and our JV teams' victory prance.
Square dancing in gym that year was begun;
Dissections in biology were bravely done.
Our school was then small, our spirit was high;
The prospects of the future were gleams in our eyes.

'61-'62 - our next-to-last trip,
 As juniors we plotted our course without even a skip.
 At last we entered our building, not quite complete;
 With whistles and the hammerings of workmen we did compete.
 However, activity and progress were easy for us:
 As our third year progressed, we moved with new thrust.
 Rich was our chief, Chuck, Barb and John helped lend a hand.
 Yes, as a junior class, we were a mighty fine band.
 Mr. Paglieri, our class adviser, was with us once more;
 With the help of his guidance our class made its score.
 Class rings came first — beautiful and fine
 Many relationships they soon did bind.
 Mints, almonds and chocolate candy we sold;
 Did you notice our salesmen? They were so bold!
 To Princeton we journeyed, "Our Town" we did see,
 And "West Side Story" was as great as could be.
 Theatrical areas we did then enter:
 Sponsoring "Ten Little Indians" helped put us a-center.
 Palm trees and dancing: our Junior Prom at Mayfair Farms,
 A night to remember for its laughs, surprises and charms.
 "Aloha Mahilini" we called it with pride,
 It helped our success grow large and wide.

Adviser Mr. Paglieri

'62

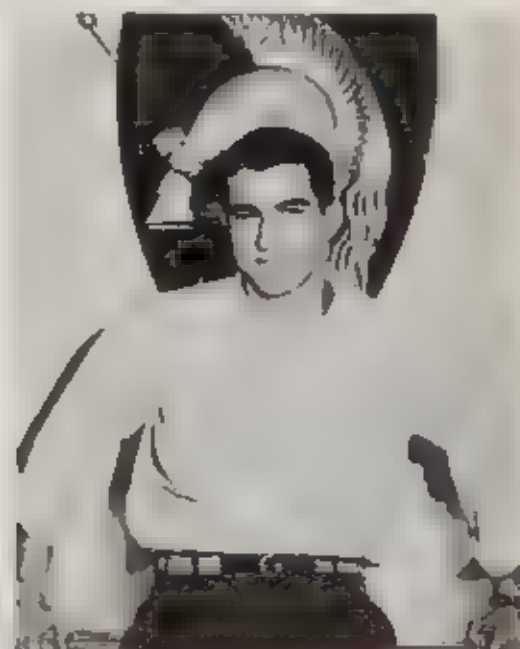

The Senior Class! The Senior Class!
 We had arrived — we had made it at last!
 College Boards and English IV,
 Economics and much more we bore.
 Led by Rich, Gretchen, Pat and Dan
 From candy to Ball there was no ban.
 Our senior-faculty basketball game was an exciting meet;
 And the movie we showed was an exceptional treat.
 Senior Week was enjoyed by all,
 It made us feel at least nine feet tall.
 The senior picnic took place at Culvermere —
 Our memories make it seem so near.
 A Senior Ball so great and right
 Indicated the end of our four year flight.
 Our last exams were over, graduation was nearby,
 With promise in our futures we raised our eyes unto the sky.
 We will remember well the things we've learned
 And we will be grateful always for the things we've earned.

Last Will and *The class*

We, the Senior Class of 1963, domiciled in the borough of North Caldwell and residing in this and surrounding municipalities, being of extremely sound mind and body and having successfully completed eight semesters of essays and experiments, scientific studies and social functions, efficacious vocabulary quizzes and elaborate elections, deem it necessary to make, publish and declare the following to be our Last Will and Testament:

First: We hereby revoke all wills and codicils by us at any time heretofore made.

Second: To our parents who have so understandingly shared all our trials and tribulations during the past seventeen years, we bequeath our deepest gratitude.

Third: To Doctor Piel and the many other members of the administration and faculty, we give our sincerest thanks and appreciation for their help in making our three years at West Essex High School such unforgettable ones. And in particular, various members of the faculty and administration were remembered as follows:

To Mr. Sipos, Anita Vreeland leaves with a promise not to take Driver Ed. again.

To Mr. Gauntt, Skip Carrington leaves some new props—ten little, unbroken Indians.

To Miss Cowin and Mr. Pietrowicz, The Senior Class leaves the world's economic problems.

To Dr. Arscott, Kathie Finn leaves.

To Miss Merlo and Mr. Everett, Tom Carmody leaves a lock for the chemistry shower.

To Dr. Piel and Dr. Vaybinger, Wayne Beckwith leaves some peace and quiet.

To Mrs. Everett, Mary Conley leaves her favorite recipe for chocolate cake.

To Mr. Simpson, Jim Colavito leaves an album—"Jokes to teach mathematics by."

To Mrs. Jones, Ron Cervasio leaves a new couch to replace the one he wore out.

To Mrs. Cowan, we leave five hundred uncompleted transcripts.

To Mr. Martino, Judy Goodman leaves a short story, if she ever finishes writing it in time.

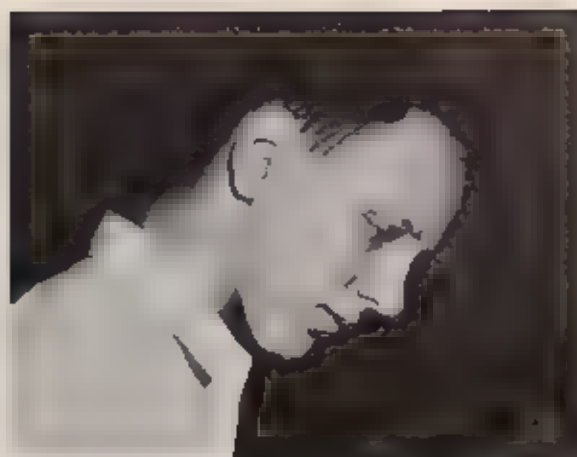

To Miss Meek, the Senior Girls leave a pair of high socks.

To Mr. Dougan, George Bentley leaves an organized report on dating.

"Do you think that girl is really studying?"

Testament of of 1963

"She shouldn't be dancing like that!"

Fourth: To the members of the Class of 1964, we do hereby leave the following faults, oddities and attributes:

To next year's Wessex Wire editors, Art Cerf and Dave Berry's original ideas.

To the future family living classes, Sue Gille's arguments.

To Adrienne Flammer, Janie Intile's honored spot on the cheering squad.

To Mary Anne Belfiore, Pat Mathews leaves her extra-curricular activities.

To Lorrie Boring, Dianne Zirk's artistic talents.

To Michele Montvidas, Linda Rothschild's naturally curly hair.

To Steve Whitney, John Olmsted's hockey stick.

To the Dikdan twins, the Knell twins leave their identical appearance.

To Stacia Hamiltan, one of Judy Maloney's scripts.

To Suzanne Pullin, Margie Gill's poise.

To Bob Bosson, Bill Wosilius' towering frame.

To the cheering squad, an original cheer by Dave Schiffrin.

To John Amport, John Andrus' calculus book.

To Tom Goodwin, Bob Smerklo's dancing ability.

To Mike Yokell, Arnold Feineman's 800 in math.

To Andrea Kulick, Lynne Anderson's school spirit.

To any one who can use them, Richard Park leaves his athletic abilities.

To Dottie Voelker, Karen Vogel's nicest smile.

To Pat Heaton, Shari Cooper leaves her diet.

To Barry Wallace, Gary Walker's pranks.

To next year's twirling captain, Frani Pavalkis and Barb Kobelka's "iridescent" tape.

To Ruth Gunther-Mohr, Joan Miller leaves her ability to talk.

To Barbie Leonard, Gretchen Erdman's mangled sneaker.

To Denise Kelly, Bob Courter leaves his "Irish."

To any one who can handle them, Bob Fritze's sports.

To Tom O'Hara, Dan Dinkel leaves his book of logarithms.

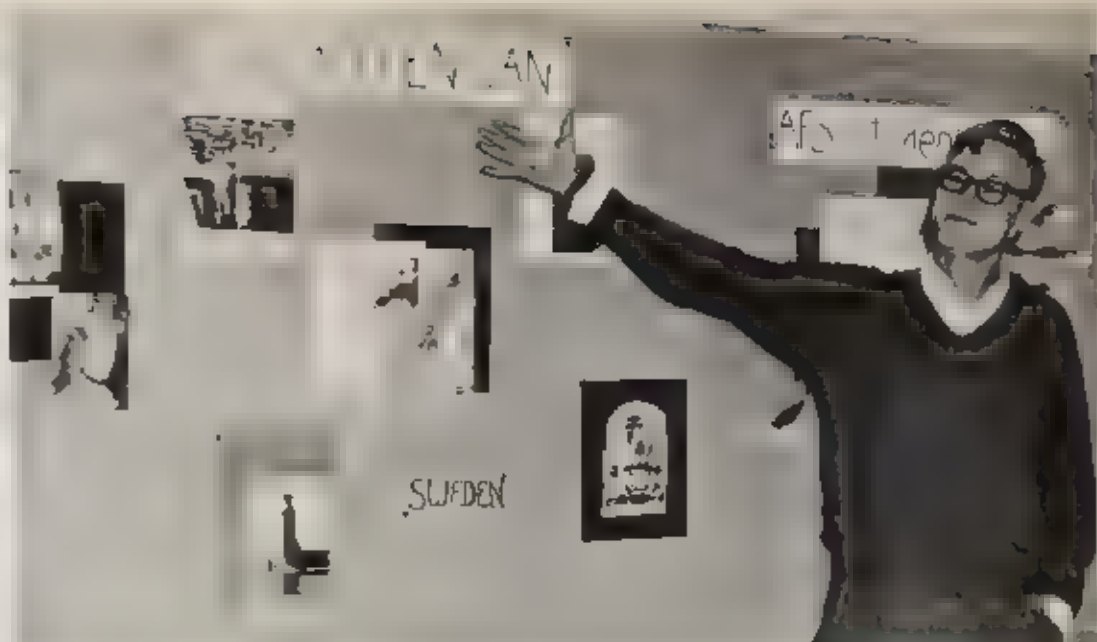

In witness whereof, we have set our hands and seals this twentieth day of June, Year of Our Lord, one thousand, nine hundred and sixty-three.

Adviser: Mr. John Hyams

When the Junior Class reported to West Essex this year, preparations had already been underway for some time on their class play, "Our Town." The production was given in October and was most successful. The Prom Fund was further increased through the sponsorship of the "Pigskin Hop" dance, a skating party, several other dances and a picnic.

The class rings were heartily welcomed on December 5 by 175 Juniors.

The Junior Class Prom, chaired by Davida Weil, was held at the Westmont Country Club on May 10.

The officers and members of the Junior Class wish to thank Mr. John Hyams, Class Adviser, for his help and counsel.

Sophomores

Officers. TOP ROW: Craig Van Pelt, President; George Leu, Vice President. BOTTOM ROW: Paula Gunther-Mohr, Secretary; Jeff Bond, Treasurer.

Adviser: Mr. Richard Rizzo

The Sophomores began the school year by introducing the ninth grade to a Senior Division dance that was great fun.

Our second activity, limited to Sophomores, was a bowling tournament held at Belle-Aire Lanes. It was found that many Sophomores, as well as our advisers, have an unusual amount of bowling skill.

In January, after a trying first semester, we merged with the industrious seniors to hold a fun night which included a movie, dancing, basketball and ping-pong.

During February we took to the outdoors for a skating party at Walker's Pond in North Caldwell.

As all these activities were being planned another group of Sophomores were busy making plans for our Junior Prom which we hope to hold at the school.

To wind up our social activities for the year, we had a Sophomore Dance and a picnic.

Freshmen

Officers. TOP ROW: Daniel Goodman, President; Betty Hanek, Vice-president. BOTTOM ROW: Jill Grobholz, Secretary; Victor Petillo, Treasurer.

Advisers: Mr. Byron Harmony, Mrs. Mary Clifton.

This past year has been a very enjoyable one, as the ninth grade attended many excellent activities. Under the direction of two very active sponsors, Mrs. Mary Clifton and Mr. Byron Harmony, the freshman officers and Class Council worked to sponsor three major activities.

First was a welcome dance for the Seventh and Eighth grades after the first football game. This dance was a total success with approximately 400 eager students attending.

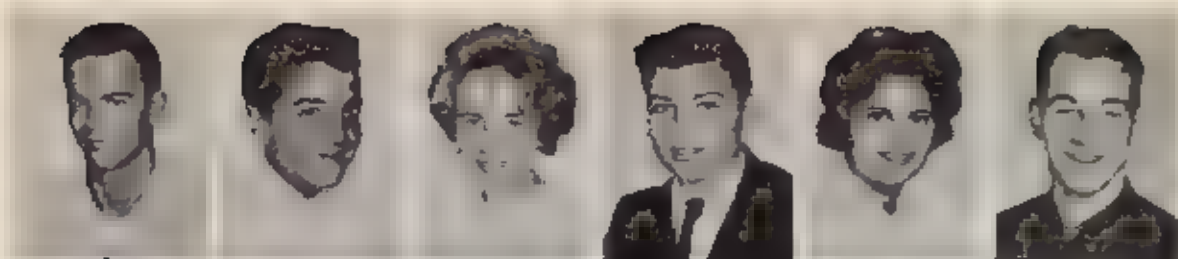

The ninth grade enjoyed a February skating party with a good number of students attending. We served hot chocolate to warm up the frozen skaters.

On May 4 a large Senior Division dance was sponsored which was quite a bit different from most dances. Thanks to good planning and hard workers all activities went very well, and it has been a really good freshman year for all.

Eighth Grade

OFFICERS—TOP ROW Richard Leonard, president; William Connor, vice president. **BOTTOM ROW:** Nancy Wyble, secretary; Robert Leith, treasurer.

ADVISERS—Mr. William Kozlowski and Mrs. Charlotte MacDowell.

The Eighth Grade, veterans now of one years in West Essex, have continued to be active in the Junior Division. They have already given one dance, the "Fall Frolic," to introduce the seventh grade to Wessex social life.

Plans called for a joint dance with the Seventh Grade, the "Blotch Hop" to be given in April.

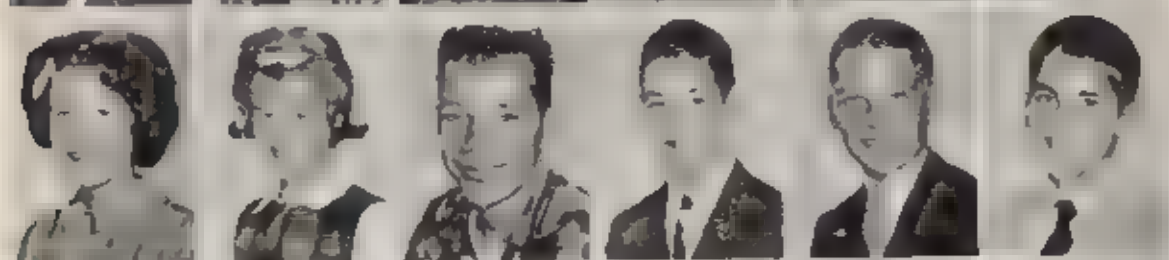

A final activity for the year was under discussion at deadline time.

Seventh Grade

OFFICERS—TOP ROW: Jane Sokasits, president; Sue Bartholomew, BOTTOM ROW: Linda Ambielli, secretary, Robert Dughi, treasurer

ADVISERS—Mrs. Ruth Lyon and Mr. John Molloy

Members of the Seventh Grade, newly initiated into the hectic schedule of a junior-senior high school, have been guided through their first busy months by recently elected officers under the capable supervision of Mr. John Molloy and Mrs. Ruth Lyon.

Having discovered their own hidden talents toward planning and executing activities, the seventh graders have been hard at work on their social functions which, at deadline time called for two dances.

Social activities sponsored by the Eighth Grade or Student Voice were attended by members of Grade Seven.

Is this Publications or a photo lab?" It was Publications, of course, and the photos were ALL for the 1963 *Milestone*. YES! The people behind ALL that copy and ALL those photos are the members of the staff. There was a great deal of work to be done from the early selection of section editors until the final publication in June, but the rewards were great.

Many features were new to our third yearbook. For the first time a color picture was taken of the senior class and appears as the front end sheet. Fifteen pages were added, and advertising was eliminated from the book.

The Covered Cup.

Last year at Scholastic Press Association of New Jersey conference the Wessex Wire was placed as the third-best school newspaper in New Jersey.

The Wessex Wire now in its third year has proven itself to 750 subscribers each month this school year. 26 students work together in 19 A to publish the third volume of the Wessex Wire. Among these 26 are copywriters, proof-readers, headline writers, reporters, advertisements solicitors, page editors, and editors-in-chief, David Berry '63, and Arthur Cerf '63.

Student

Wayne Beckwith
'63-President

At the beginning of the year the Student Voice assumed the responsibility of maintaining a student organization that would not only serve as a government but also as a voice of the students. It was impossible to satisfy the wishes of all the student body, but through a new and more effective form of representation the general wants of the students were taken into consideration.

One of the purposes of the Student Voice was to improve publicity, through the football bulletin board, the blackboard committee, the display case, and the activities calendar.

Dottie Voelker
'64-Vice President

Lynne Belford
'64-Secretary

The most important aim of the Student Voice was to improve school spirit. Without a doubt the most successful, spirit project was the pep rally and bon fire previous to the Thanksgiving football game. Held in the midst of a freezing rain, the bon fire was well attended, and the dances afterward proved to be worthwhile.

Most of the other activities attempted during the school year were equally successful and proved to be fun.

Actually the Student Voice tried to begin tradition in a new school. The Student Voice was successful because it did establish some tradition and accomplished more for the students than in past years.

Junior Classical League

Suzanne Pullin '64, Quaestor; Lizz Donnelly '64, Historia; Judy Ogando '64, Scriba; Skip Carrington '63, Consul; Marilyn Deaney '63, Consul.

Mrs. Eleanor May, Adviser.

This year West Essex's Junior Classical League was active not only within the school, but outside the school, also.

Locally, JCL sponsored a Roman festival in May, and participated in an International Folk Festival held in June.

This JCL chapter was honored by having two state officers, and by having charge of the publicity workshop at the state convention at Westfield High School on April 5. The Junior Classical League also hosted a state executive meeting of the state Classical League.

On the national scene, West Essex High's JCL sent eight delegates to the national convention in Bozeman, Mont. in August 1962. At this convention the West Essex chapter had charge of the work committee, whose job it was to plan the following year's convention.

West Essex's two French Clubs, sponsored by Mr. Joseph La Cerva and Miss Mary Ann Stagen, have planned and completed a very active year. Elections of officers were held in November for both clubs.

The aims of "les esprits" are many and varied: field trips, a study of French literature, and many others.

The Junior French Club, "les Parisiens," has worked hard on French plays, and songs and dances at parties.

Russian Club

This year West Essex's Russian Club visited West Point, the United States Military Academy. From the academy they had a Russian teacher come to speak about Russia and its language.

The course of Russian being only as old as West Essex High School (3 years!) the club has undertaken to promote interest and understanding of Russia and its people.

Gordon Morris '65, Vice President; Sheila Stille '64, Secretary; John Lathrop '63, President.

Officers: Lindy Jones '64, President; Dick Meier '65, Vice President; Dorothy Burell '64, Secretary.

The purposes of the German Club are to provide an atmosphere for the student which is conducive to learning about German culture.

At the December meeting of this club, a Christmas Party was held at which authentic German recipes were used in making the refreshments.

Other activities of the German Club included talks given by various people, such as exchange students, who have visited "the Rhineland", and in showing slides, told of their German experiences. This club also engaged in many deep discussions about German life.

A.F.S. International Club

One of the most active and heavily populated clubs in West Essex this year was the International Club, which aided its members in learning about other countries and peoples through guest speakers, slides, and movies. Each year this club initiates a foreign exchange student, sponsored by the community Chapter of AFS, as an honorary member. This year the exchange student to West Essex was blond Jan Larsson from Sweden.

Three Knights were sent abroad as foreign exchange students; Padrice Flavelle '63—England, Katherine Stoneback '63—Finland, Martha Stoneback '63—Indonesia.

A few of the fund-raising activities that the International Club sponsored this year were a bottle drive, bake sales, a play, and other entertainment.

The F.T.A. Club, now in its third year of existence, offers its members an opportunity to learn more about the teaching profession. Through speeches, the teaching of a class,

and a trip to the convention at Atlantic City, these students have acquired a better understanding of the work that goes into a teaching career.

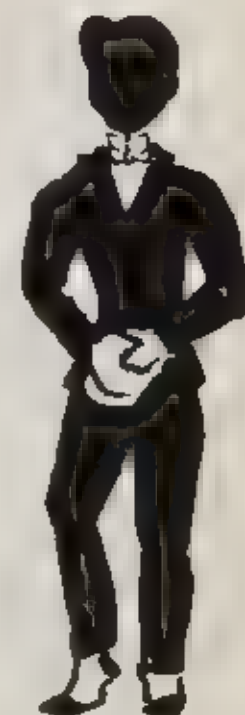

The Future Business Leaders of America Club first organized this year in West Essex has drawn up its own constitution and stated its purposes, which are:

- to develop competent, aggressive business leadership;
- to strengthen the confidence of young men and women in themselves and their work;
- to encourage members to improve the home and the community;
- to develop character and prepare for

usefull citizenship and stronger patriotism;

to encourage and practice and thrift, and to improve and establish standards for entrance upon store and office occupations.

The officers who have led this group are: President Carol Bishop '63, Vice President Gail Zmuida '64, Secretary Gislhaine de Montaigne '63, Treasurer Kathy Cannara '64, Corresponding Secretaries Marie Brisacher '64 and Frances Filoso '63.

Under the chairmanship of Richard Park '63 and the guidance of adviser Miss Edith Cowin, the Model United Nations Committee has worked hard.

The committee prepared this past year to represent the countries of Mongolia and Laos at the Sixth East Coast Model United Nations Conference in April in Delaware. Resolutions, agendas, trips—all made work—but also success.

Chairman Richard Park '63 discussing the April conference.

Debate Club

This year the Debate Club has offered the students out-of-class experience in speech techniques and parliamentary procedures. The club through its procedures has shown its members how to present ideas in an effective manner and how to defend these ideas in a rebuttal. Many of the debates have tended to increase the participants' knowledge of controversial problems. Mr. Donald Haurie is the club's sponsor.

National Honor Society

The National Honor Society is an organization of students elected by the faculty in recognition of scholarship, character, leadership and service.

Juniors who achieved the above qualifications may be elected in their junior year. Seniors may be inducted at the beginning or at the end of the first semester.

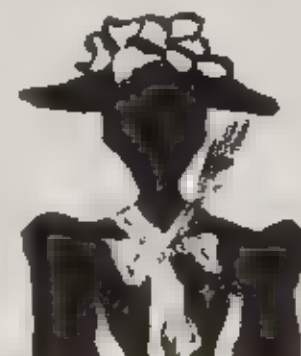

This year, for the first time, the National Honor Society instigated a tutoring service for 7-9th graders. These students found that work was rewarding and that the pupils benefited immensely.

Mr. Malcolm Simpson, adviser, has been responsible for the guiding of this year's successful N.H.S.

The Key Club, sponsored by Kiwanis International, is a service club for boys in the tenth, eleventh, and twelfth grades in high school. Its purposes include:

- To develop initiative and leadership,
- To promote and apply higher standards in scholarships, sportsmanship, and social conduct,
- To prepare for useful citizenship.

This year the Key Club has been especially active and has participated in a food drive for needy families, a program to help foster children, and many other service activities, which include a suggestion box, and a lost and found department.

This year the Key Club also had a refreshment stand at the Lion's Club Auto Show, and the Club hopes to publish a Student Directory next year.

Marching Band

Mr John Sielski took over at mid-year and did an admirable job.

Mr. John Behringer assists Bob Zachary '64 in leading the marching band.

Our Marching Band this past year has been very active at football games. The members led the fans in cheering the Knights onto victory. The band, in their new uniforms, displayed their marching ability on the field during half times.

Even though this was the first year the band marched, they showed the real West Essex spirit in performing their formations.

This band has also led the school cheering at our football, basketball and hockey pep rallies.

The West Essex Assembly Band has played at most of our assemblies this year. As a unit, the band under the direction of our competent leaders, Mr. Theodor Hatrak and Mr. John Sielski, has produced very good music.

At the time of the Christmas Concert, the band took part in entertaining the audience in our West Essex Theater. The students are always greeted by music when they enter the auditorium for an assembly and, if in luck, may hear the band perform.

Fullback Bill Wosilius (34) evades a Wayne tackler while plunging deep into their territory.

Led by a powerful offensive machine, the West Essex varsity football team battled their way to a 3-6 record during the past season.

The Red upset Wayne 18-6 in the initial game of the season. Bill Wosilius scored the first touchdown of the season on an eight-yard smash. Wayne evened the count in the second quarter but was unable to hold the Knights for long.

Wessex marched 33 yards following a Wayne fumble before Omar Graddock gathered a 17-yard Frank Foster pass for the lead tally. Frank Foster added the insurance TD following another Wayne fumble.

The following Saturday Morristown swamped the Knights 49-12.

The only points for WE were made by Dan Stagg on second half pass receptions.

Against Passaic Valley the Red and White fared only slightly better, dropping the game 39-19. Bob Fritze and Dan Stagg tallied on long runs while Dan Dinkel picked up a loose ball and scampered 30 yards for the score.

The losing skein continued as the Knights were just beaten by Mountain, 19-13. The Rams scored the first TD, but Wessex retaliated by capturing a Mountain miscue on their own 47 yard line, and moved the ball to the West Orange 3, where Frank Foster carried it over. Mountain regained the lead in the fourth

quarter, but Dan Stagg pulled down a 50-yard aerial from Foster, and with the point after, the score was knotted. With 1:30 left in the game, West Orange tallied the winning TD.

Morris Hills outlasted West Essex in a display of offensive power, 33-26. The Knights drew even on a fourth-period score by Frank Foster to deadlock the game at 26-26. However Morris Hills intercepted a pass late in the final quarter and turned it into the winning TD.

The Knights got back on stride by smashing Parsippany, 19-13. Jim Burghardt and Dan Stagg scored before Parsippany could mount an offensive attack. Frank Foster topped

off a 60-yard drive with a plunge for the third TD to set the score at 19-7.

Ridge upset the Red, 20-6. Jim Comley accounted for the only WE tally, taking a pass from Foster to cap a 60-yard drive.

Roxbury fell victim to the Knights by a 13-0 margin on long-scoring plays. A 40-yard pass from Bill Wosilius to Dan Stagg notched the first score, and Wosilius added the second on a slick 75-yard run.

In the Thanksgiving Day game the Knights fell before Livingston, 25-13. Bill Wosilius scored both WE touchdowns on one-yard plunges. Bill Boles added the extra point after the first.

End Dan Stagg (40) steals a pass from a hopeful Wayne defender.

Fullback Bill Wosilius (34) scampers deep into Wayne territory to set up a touchdown.

After a successful series of preseason scrimmages, the Knights had trouble finding the net, dropping home games to Irvington Tech., 5-0 and to West Morris, 3-1. Bob Conklin '65 tallied the first goal of the young season against West Morris in the fourth quarter.

The first victory of the season was a come-from-behind battle over Morris Hills, with WE finishing on top of a 2-1 count. After trailing at the half, 1-0, Andy Smith '64 knotted the game with a third period score, and Al Lyon '64 booted the winner midway through the final stanza.

On a muddy field, the Livingston Lancers stopped the Knights 2-0, as John Andrus '63 put on a brilliant show in the goal.

At West Orange the Wessex squad deadlocked Mountain 2-2 on scores by all-state and all-county men, Alex Baird '63 and Siegfried Habermas '63.

The Knights proceeded to whitewash their next four opponents, overwhelming Bergen Tech., 4-0, squeezing by Mountain 1-0, and blanking Clifford Scott twice by identical margins of 2-0.

Against Bergen Tech., Ian MacConnachie '64, led the attack with first and second period goals. Siegfried Habermas and Tom Nelson '65 also tallied, both scores coming in the second quarter to round out the scoring.

Although they had control of the ball for a major part of the Mountain game, the Knights were unable to score until Siegfried Habermas booted one in the third period. The defense thwarted all chances for the tie.

The Clifford Scott squad held the home forces in check until late in the fourth quarter when Habermas again broke the ice on a corner kick. In the final

minutes, Andy Smith added the clincher.

In the second meeting of the teams, West Essex jumped on the Scott goalie for two quick scores in the opening period. After that, defense prevailed for both teams, and there was no other scoring.

Hanover Park and West Essex battled in an excellently played contest, but the Knights went down in defeat by a 2-1 count.

The final game of the season was played at West Morris with the contest ending in a 3-3 tie. The score see-sawed back and forth before West Morris notched a goal in the final period to gain a tie.

West Essex's Varsity basketball team opened its second year of Varsity with a bang, stunning the Gaels of Roxbury, and closed the season on the same high plain, crushing Parsippany.

Unfortunately, these were the lone bright moments of a cold, cold season which dealt the Red and White 16 consecutive defeats.

This 2-16 season dumped the Knights in a three-way tie for last place on the Jersey Hills Conference along with Roxbury and Parsippany.

In this case, the score didn't always tell the story. Often games tipped back and forth but never in Wessex's favor. An example of this was the second Passaic Valley game during which the Hornets topped WE in the last second of play, 36-35, when a half-court desperation throw found its target after bouncing on the rim countless times.

Under the coaching of Mr. John Sipos, the starting team consisted of John Andrus '63, Bob Bosson '64, Bob Fritze '63, Dan Stagg '63, and Barry Weldon '65. Bill Wosilius took over center duties mid-way through the year when Bosson was injured.

Captaining the team were John Andrus and Bob Fritze. Seven Varsity team members will return next year while four will graduate.

Basketball

The Knights faced their "toughest" competition March 8 when they took on the Faculty. On the "Faculty Five" were such name stars as "Sure Shot Simpson," "Two-Point Pietrowicz," "Buckets Back," "Dunking Dugan," and "Wonders Wall."

Though the game see-sawed back and forth, the Varsity won to end the year triumphantly; *unofficial score: 39-35.*

The West Essex hockey team, coached by Mr. Gilbert Adams, finished the 1962-63 season in fine fashion as state champs. They achieved this title by upsetting the 1961-62 champions, Chatham in the final game of the Gordon Cup playoffs on March 15 by a score of 4-1. The victory was number 20 for the Knights, against only two defeats.

The Knights opened the season with victories over West Orange and Morristown by scores of 11-1 and 13-1, respectively. After losing its first game against Chatham, the Knights went on to win twelve games in succession plus two non-conference games against Lawrenceville and Beacon Hill.

West Essex finished the season in second place with a record of 18-2. Both defeats were suffered at the hands of Chatham, and the Knights looked forward to gaining revenge in the championship game.

The Knights made sure of a berth in the final game by defeating Morristown School 8-3 in the semi-finals, and

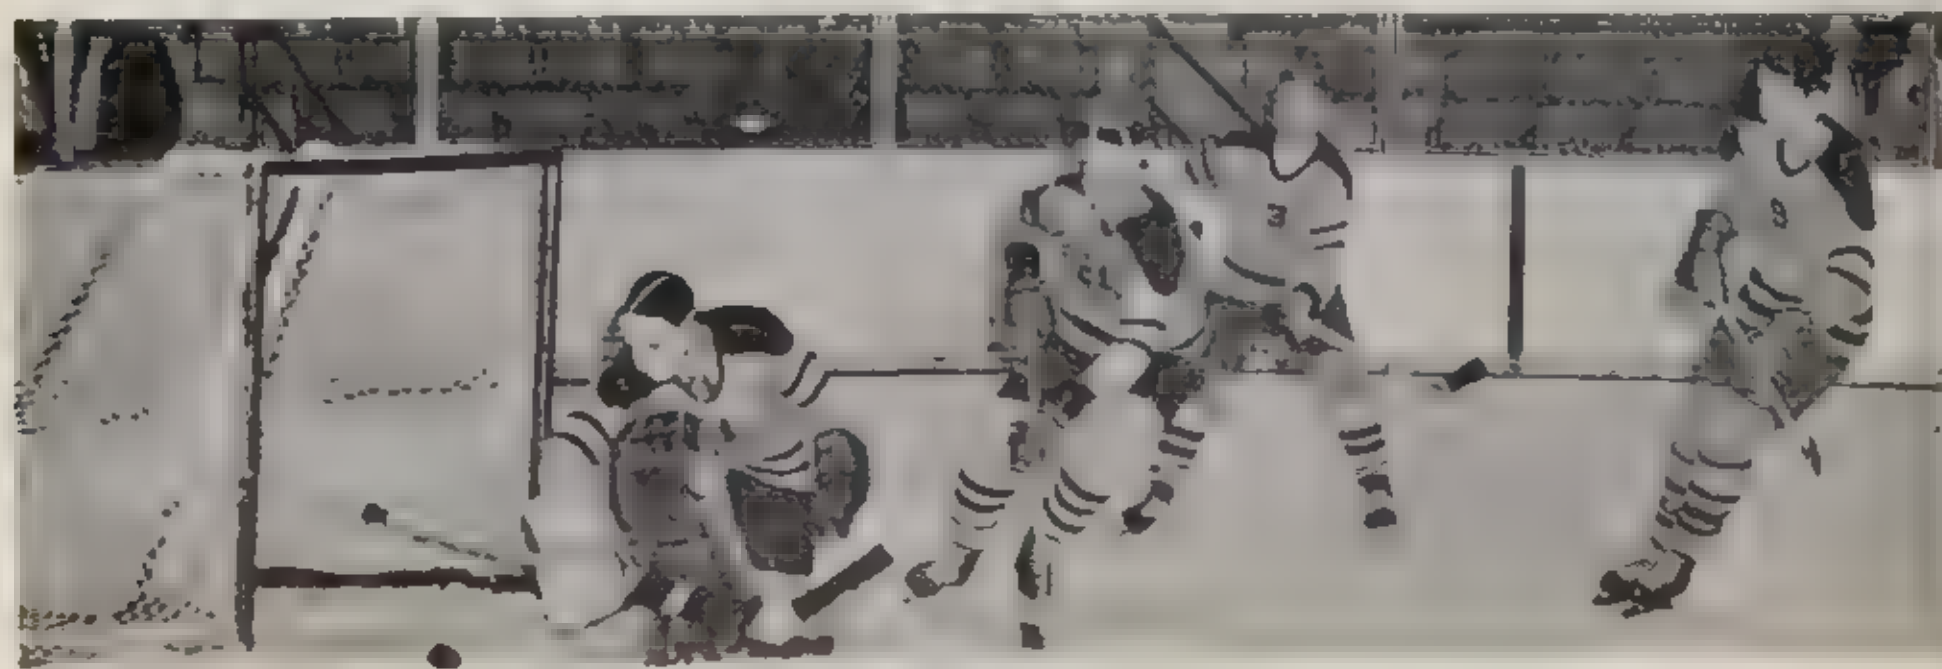

peered eagerly towards the final game with Chatham on March 15.

West Essex went into the big game clearly as underdogs, but in no way did they play as underdogs. They outskated, outshot, and what is most important, outscored Chatham 4-1 to win the Gordon Cup.

Most goalies in the league shuddered when they thought of the Knights' first line — John Olmsted, Al Lyon, and Steve Whitney.

Co-captain John Olmsted was the leading scorer on the team and the second highest in the league with 37 goals and 38 assists for a total of 75 points. John also scored 4 goals in the play-offs.

Center Al Lyon was the second highest scorer on the team with 67 points. Al was called on many times in the latter part of the season to play defense, and he played this position equally well.

Gordon Cup Champions

Goalie John Amport '64 saves puck to halt Chatham offense.

Left-wing Steve Whitney, who scored a total of 57 points, could very often be seen darting into the corners to recover the puck for Wessex, and this accounted for many assists.

The Knights boasted a good second line with Dave Berry, Jim Comley, John Tuthill, and Sandy McWilliams. Bill Birdsall and Pete Cullum also saw quite a bit of action.

No team can perform successfully without a strong defense, and Wessex had one of the best. When co-captain Chuck Moran, Mike Nase or Don Waugh were not checking or thwarting the opponents in some way, they darted up the ice and gave the forwards a hand. Chuck not only turned in fine performances at defense, but he also found time to score five times.

John "Wimpy" Amport, goalie for the Knights and probably the best in the league, compiled a total of 6 shutouts and allowed an average of only 1.3 goals per game, a fine record

The credit for the Knights' very successful season can not be given to any one player alone. It was clearly a team effort all the way with everyone contributing toward the final result — the Gordon Cup.

Varsity Wrestling

The West Essex wrestling team has completed its second year of varsity competition, winding up the season without racking up a single victory.

The competition proved to be too much for the Knights as they were swamped by all foes. It must be remembered, though, that a wrestling team requires several years before it can become a polished machine, for it takes several years to produce a top-class wrestler, and just as long to turn out a complete team. Although the spread of points was large in most cases, valuable experience was gained by all members of the team. With a large number of underclassmen participating in the sport, the caliber of performance should pick up in the near future.

Cedar Grove took the Big Red in the opening match of the season by piling up 32 points to the visitors 17. Ritchie Goodman '66 scored on a forfeit while Frank Foster '63 also scored for the Red and White.

A strong West Orange team invaded the West Essex gymnasium and proceeded to crush the Knights 47-8. The scoring for the home forces came as a result of a pin and decision by Andy Jaye '63 and Bill Arnold '64 respectively.

Still looking for their first triumph of the season, the Red traveled to Passaic Valley where they hoped to upset the Hornets, but were turned back 47-3. Dan Dinkel '63 was the only man to topple his opponent, supplying three points on a decision.

Conference Champions Roxbury slammed the Red and White 60-0. Each West Essex gladiator was pinned by their powerful Gaels.

West Essex was again unable to mount any semblance of an offense as they fell victim to Essex Catholic by a 45-2 count. The only scoring was accounted for by freshman Ritchie Goodman who battled his man to a tie.

Parsippany shut out the Home forces in a match played at Wessex, 45-0. The following week, in a non-scheduled encounter, the Red fell victim to Madison, 52-0.

For the third consecutive time the Knights were shut out as they fell to Roselle Park at home 54-0.

After a three-meet drought of points the Knights finally broke into the scoring column against Morristown, although they were still defeated 51-3. Again Ritchie Goodman came through with a decision for the only Wessex points.

Although they continued their losing streak, the Knights were able to make the score more acceptable when they grappled with Franklin, going down 36-16. Ritchie Goodman held his opponent's shoulders on the mat long enough to gain a victory by way of a pin, and Bill Arnold chipped in with a decision.

In a meet postponed from Jan. 23 to Feb. 13, the Knights fell to Morris Hills. The only scoring was done by "that 98-pound crusher" Ritchie Goodman who racked up five points on a pin.

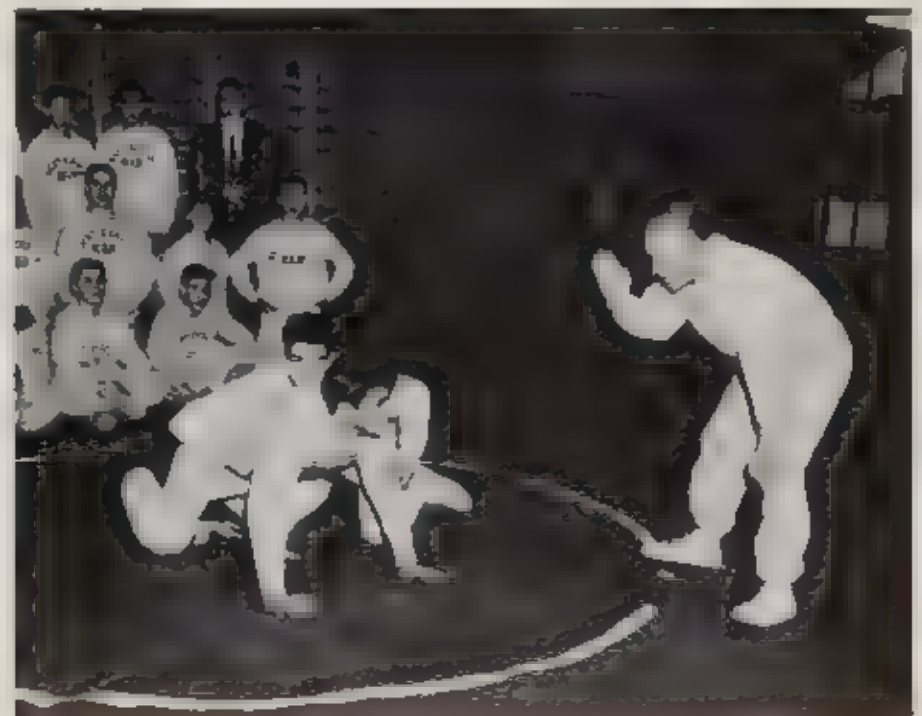

A strong Hanover Park team turned back the still hopeful West Essex twelve, by a 51-3 margin.

In the season final the Livingston Lancers deferred the last hopes of a West Essex victory, 39-12.

Although the season was unsuccessful, the boys on the wrestling team must be given all the credit in the world for not giving up the fight and the will to win in the face of overwhelming odds. We are sure that each member of the team is looking forward to next year and a chance to better their record.

The baseball team, coached by Mr. Ralph Dougan, had a very successful season last year. The team started out by winning the first games of the season, including four shutouts against Hanover Park, Roxbury, Morristown, and West Orange Mt'n. As the other teams started correcting their mistakes and settling down, West Essex lost a few games which were interspersed within the winning pattern established by the early season wins.

At this point in the season our record was 11 and 5, and we were asked to play in the Greater Newark Tournament. Our first foe in the Tournament was Nutley. Nutley had been predicted to be one of the top teams in the tournament. West Essex lost the game 5 to 4 in extra innings which certainly surprised the West Essex underfating predictors.

After the Newark tournament, W. F. participated in the State tournament but was beaten by Madison 4 to 0 in the first round.

Lots of credit belongs to the members of the baseball team for an outstanding season and we wish them luck for even a better season this year.

The team pictured above was the winner of the Jr. Division basketball intramural program. Intramurals consisted of a group of interested boys who wished to play basketball but were still too young to participate on the school teams.

The group was divided into teams which played each other. The winning team can truly be proud of its fine record of wins, and also thankful, along with the other teams, for the opportunity to participate in such a fine program.

Although the girls' freshman basketball game did not end in our favor (Caldwell 21 — West Essex 17), it proved to be very entertaining and was loaded with good sportsmanship.

The golf team, although it was host to an unwinning season, gained valuable experience under the able coaching of Mr. Charles Paglieri. The team was the victim of bad weather and lack of a course to practice on with any consistency.

Although the team was met by stiff competition from all opponents, they were never shut out, and often the matches were closer than the scores indicate. At deadline, the team was looking forward to a better season this year.

The tennis team was also plagued by poor practicing facilities, but due to the expert coaching of Mr. Malcolm Simpson, and excellent playing by the members of the team, they were able to win some of their matches.

This year with their own courts and with the experience they gained last year, they hoped, at deadline time, to boast a winning season this year.
